

2020

Learning from clinical errors in Radiotherapy.

Radiation Protection in Radiotherapy.

In collaboration with the IAEA

1.A case from the Netherlands

2.A case from the UK

3.A case from Belgium

1.Radiotherapy Risk management and incident learning systems

2.Errors/accidents in Radiotherapy: Learning from a clinical case

3.Image Guided Radiotherapy.

4.Radiation dose reduction VMAT and IMRT

5.Quality Assurance in External beam Radiation Therapy.

2021

part of SAFE Europe

Use of Pharmaceuticals in the management of radiotherapy side-effects

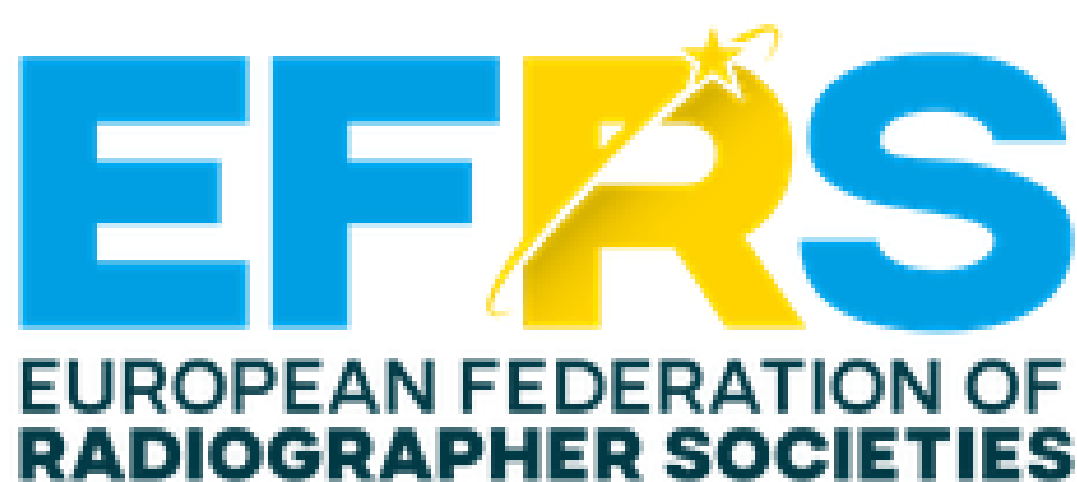

1. Part I

2. Part II

3. Daily, monthly and annual QA procedures for linear accelerators

Risk Management in Radiotherapy.

4.Software-related accidents in radiotherapy: what can we learn from them?

Radiotherapy Webinar Series

2021 part of SAFE Europe

Mini-series incident cases

5. Incident learning in proton therapy in MAASTRO: An incident due to wrong table density

6. Proactive risk analysis in practice: Failure Mode and Effects Criticality Analysis (FMECA)

7. Who is the patient on the treatment table? Learning from a clinical case

2021
2022 part of SAFE Europe

Radiotherapy Special Techniques and Technologies

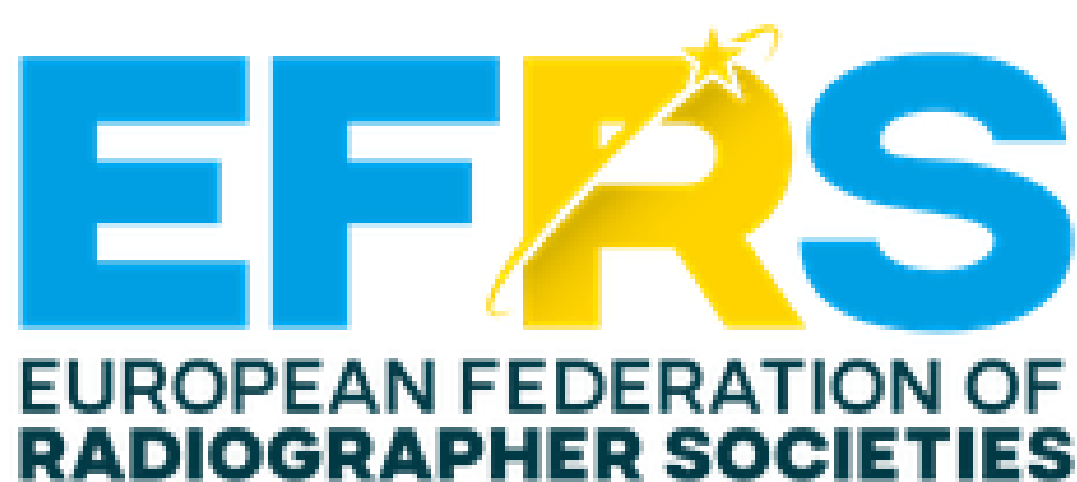

8. Radiobiology of hypo fractionation

9. Organisation of a brachytherapy unit: technology, safety, and patient-centered care

10. Proton Therapy: theories and practices from a radiographer's perspective

11. Online adaptive MRI guided radiotherapy – changing role of the therapeutic radiographer

12. Stereotactic Radiosurgery (SRS) and Stereotactic Body Radiation Therapy (SBRT)

Radiotherapy Webinar Series

2021 part of SAFE Europe

2022

**Radiotherapy Special
Techniques and Technologies**

**Special Skills for
Radiotherapy Radiographers**

More information at
www.efrs.eu

13. An introduction to Surface Guided Radiotherapy: Improving patient positioning, comfort and treatment accuracy

14. Clinical Trials: from finding the right question to implementation

15. Management and Leadership in Healthcare & Radiotherapy

16. How can healthcare professionals contribute to a sustainable world? Developing TR/RTT' green skills

17. Digital content creation by TR/RTTs: developing digital skills

18. Patient advocacy for TR/RTTs

EFRS
EUROPEAN FEDERATION OF
RADIOGRAPHER SOCIETIES

Radiotherapy Webinar Series
